

# ARP head stud bolt kit

Made from high-grade 8740 chrome molybdenum alloy, this bolt has passed strict inspection standards for heat treatment and rolling, and has a tensile strength of 200,000 ps i. Furthermore, by using a stud bolt, the entire thread is more likely to bear force, reducing deformation of the cylinder bore by half and improving piston contact.

\*Special nuts, washers, and molybdenum paste included

Part Number	Product Name	Base price
<b>■ Nissan</b>		
202-4206	Nissan L20 L24 L26 L28 head stud kit	¥43,000
202-4201	Nissan L16 L18 head stud kit	¥31,000
202-4202	Nissan A-12 head stud kit (Front distributor)	¥28,000
202-4203	Nissan A-12 A-14 A-15 head stud kit	¥28,000
