

Clutch Kit /Lightweight Flywheel

Twin plate clutch kit

Super single clutch kit

For L-type
(Flywheel, disc x 2, cover set)
¥139,000
•Sleeve & bearing SET ¥6,310
(Updated 2026.04.17)

Specifications: Flywheel hole: lightweight type
Clamping force: 980kg
Disc diameter: 184φ
Total weight: 9.3kg
Rated: for 400ps

L-type, for FJ20
(Flywheel, disc, cover, sleeve, bearing included)
¥109,800

Specifications: Flywheel hole: lightweight type
Lightweight Machined Aluminum Cover
Clamping force: 1200kg
Disc diameter: 225φ
Total weight: 10.2kg
Rated: for 380ps

PARTS LIST (for overhaul)

	Product Name	Twin Type A	single
1	Flywheel (STD)	¥51,000	¥59,000
2	Flywheel (lightweight)	¥57,000	¥65,000
3	Clutch disc (Single)	¥25,000	¥34,000

	Product Name	Twin Type A	single
4	Center Plate	¥12,000	
5	Pressure plate	¥23,000	¥27,000
6	Clutch cover	¥29,000	¥42,000

Ultra-lightweight chrome molybdenum flywheel

- STD type **¥50,000**
- R type **¥54,000**

Material Chrome
Molybdenum
SCM435
Surface heat treatment Tuffride

The chromoly lightweight flywheel is made from highly durable SCM material, achieving a balance of light weight and strength that cannot be realized with the factory design. Its improved response reacts instantly to throttle input, elevating the performance limits of the vehicle.

	Engine type	STD(kg)	R type(kg)
NISSAN	L6 (225φ)	4.8	4.3
	L4 (200φ)	4.6	4.3
	FJ20DE	4.8	4.3
	FJ20ET	4.9	4.4
	A12, A14	3.5	2.7
TOYOTA	S20	5.0	4.5
	U20	5.0	

STD Type:
Designed for street use with minimal impact on low-end torque.

R Type:
A high-response version with additional weight reduction achieved through extra drilling compared to the STD type.

Reinforced clutch cover

The reinforced diaphragm spring increases the clamping force on the disc, maximizing the performance of the clutch disc.

Model	Price	Remarks
L20 - L28 (240φ) *Special flywheel required	¥30,000	580k
FJ20(T)/RB20DET	¥32,000	850k
2TG	¥29,000	550k
18RG	¥16,800	550k
4AG (AE86/AE92 early model)	¥26,800	550k
A12, A14 (March conversion)	¥25,000	450k

STD clutch cover

This standard clutch cover for street use prioritizes operability with reduced clamping force.

(2026.08.03 updated)

Model	Price	Remarks
L20- L28/FJ20(NA)	¥29,600	550k
L16- L18/Z18	¥19,500	440k
FJ20(T)/RB20DET	¥28,000	580k
2TG(2-pin)	¥25,000	Early model
2TG(3-pin)	¥10,300	Late model
4K	¥10,500	
A12, A14	¥13,400	350k

Metal disc

Offers excellent heat resistance and wear resistance with low inertia, enabling quick shifting. Suitable for a wide range of applications from street use to racing and competition.

Super disc

Non-asbestos discs molded with carbon and copper using proprietary technology. Achieves semi-clutch ease comparable to OEM parts and conventional reinforced non-asbestos discs, along with high sports performance. Delivers stable friction performance from low to high temperatures, excels in usability across all specifications from street to circuit, and further achieves superior wear resistance.

Reinforced non-asbestos disc

Delivers linear clutch operation while maintaining genuine-equivalent pedal feel. Compared to standard components, it delivers 110% durability and transmission torque.

STD non-asbestos disc

A standard product meticulously crafted to maintain genuine-equivalent quality. This standard clutch disc boasts high praise for its semi-clutch operability and resistance to judder.
